Elevation 3

The Inverness, also designed for the Estates at Holmdel Fields, is a unique floor plan with a gourmet kitchen, breakfast nook and family room in one quadrant, accessed internally or by a separate entrance to a mud room and walk-in pantry. A rear staircase affords access to the second floor. The study, living room and conservatory, along with a powder room that can be converted to a full bath, occupies the other quadrant. In the middle area is a grand hallway, large dining room and center staircase. The second floor includes a laundry room and 4 bedrooms with walk-in closets and direct access to bathrooms. The master suite allows for an optional sitting room attached to a spacious master bedroom and luxurious master bath. With structural add-ons, this house can grow to over 5,500 square feet.
